

SECOND CHANCES

V1: Life is full of second chances
Dancing free from circumstances
A different point of view
Less looking back more looking to
Something more
A dream restored
Daring pushing different doors

CH: Second chances oh second chances
Second time around
Second chances new romances
Blue skies
No wrong note sounds
Second chances oh second chances
Lately I have found
Life has more to give when played
The second time around

V2: Life is full of second chances
Sunshine sighs olive branches
They told you it's all over
Yet this story proves they lie
Now I'm sower
Whistle blower
That anyone can fly

CH:

BR: Second chances
If we dare to let life flow
Second chances
Getting out of control
Second chances
Winning back time once stole
Lean forward jump take the plunge
Let go
